Mongolia Wrestles With Violence Against Women

“The most important thing is to have the correct, real data about the violence. This gives the government the information it needs for next steps,” said Ayush.

Men must be part of dialogue

**Gender equality at universities is important. Why?
Because, this is where the most youth become adults,
learn and get educated to embark on life journey.**

**Universities are cradles for thoughts and ideas.
Universities, without exception, have moral obligation to
be the change drivers for better future.**
